

BE PART OF OUR TEAM

CNC Machinist – Full time

EPM Composites
Limited

EPM are looking for a CNC Machinist to assist in our very busy machining workshop.

The Role

- Working with metallics, tooling board and composite components.
- Setting up of production machines for both manned and unmanned operation.
- Providing machining method advice to engineering.
- Daily CNC maintenance activities.
- Create programmes and successfully prove them right to efficiently produce bespoke accurate parts.

About you

- A practical thinker, good at identifying problems and finding solutions.
- A thorough person with very good attention to detail.
- A good communicator.
- A team player who motivates people and encourages efficient team working.
- Presents a professional company image.

Qualifications, knowledge and skills

Essential

- Have demonstrable experience on 3 axis and 5 axis CNC machines (Heidenhain control desirable).
- Be able to read and interpret engineering drawings.
- Be able to use manual metrology equipment applicable to a machining environment.
- Be able to balance multiple work requirements efficiently and effectively.

BE PART OF OUR TEAM

Desirable

- Experience with manual machines such as: lathes, milling, etc.
- Toolmaking background an advantage.

Excellent working conditions and competitive rate of pay.
